

# **PERFORMANCE** STAGING WE BUILD EVENTS

## PERFORMANCE STAGING

We don't just rent stages, bleachers, barricade, audience risers, event pool covers, tents & tent floors, VIP platforms, ADA ramps, tables, chairs, dunk tanks and photo booths.

## WE BUILD EVENTS

Our mission is to bring you not just rental equipment but the people, knowledge, design and planned safety that are necessary to execute complex designs, tight schedules and logistics challenges.

When I started Performance Staging thirty years ago the entertainment production market was just blooming. Staging companies grew from coast to coast. If you could handle being paid in cash (*or not being paid*) by touring rock bands there was enough business for everyone.

Performance is now a design and rental partner for high-end seating, staging and corporate events. We everlastingly develop a *HUGE* arsenal of made-to-order production equipment and support events across North America.

Three years ago we expanded to central Florida supporting the growth of event production in the busiest tourist destination in the world. We launched the lifestyle brand *Waltz On Water* this year providing high-end, load-bearing, residential and commercial clear event pool covers.

Complementing our core services, the PartyMax division in Michigan stocks everything from folding chairs, small tents and tables to linens and event drape.

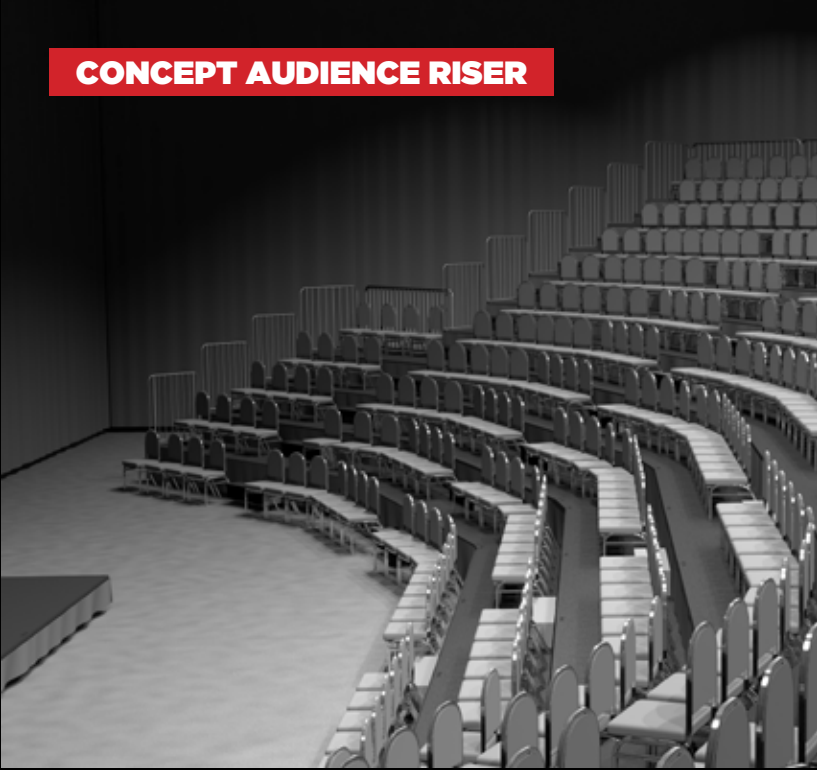

This book represents our interpretation of our abilities. What we've seen over thirty years is that we cannot possibly imagine the amazing things that you will ask us to build. Head to our web site for layouts and photos.

We rely on you for inspiration and ideas. You count on us to utilize our experience and equipment to build your events. I couldn't be happier with that relationship and will do everything in my power as owner, president, chief cook and bottle washer to keep it viable.

I dedicate my entire team of professionals to your needs as an event producer, technical director, venue employee, party planner or individual.

Roger S. Ygeal

CONCEPT AUDIENCE RISER

ACTUAL AUDIENCE RISER

## CONCEPT TO REALITY

Performance Staging provides the highest level of pre-production rendering in the industry.

Use this capability to explore design scenarios, sightline evaluations and show every stakeholder a three-dimensional representation of your best ideas.

We take a photo of your empty space and show you what it could be.

**ELEVATE THE AUDIENCE EXPERIENCE**

**THEATER AUDIENCE RISER**

## FIRST CLASS AUDIENCE RISERS

The Greeks created tiered seating in amphitheaters and stadiums; we've updated it for the modern era. Proper sightlines and audience engagement isn't just a desired effect it's a necessity; the audience needs to feel they are part of the message.

Performance builds tiered audience riser systems to match your audience size and venue.

- Straight, curved, wedges, and in-the-round design
- Theater, dinner, standing and classroom layouts
- Indoor or outdoor use, flat or uneven terrain

### CUSTOM EVENT STAGING

### LARGE EVENT STAGING

### CUSTOM EVENT STAGING

## STAGERIGHT STAGES

From our inventory of over one thousand stage decks we can build stages, tent floors, raised platforms, bridges, walkways, ramps, and pretty much anything else that would require a safe, level support platform.

- Indoor or Outdoor use over flat or uneven terrain
- Carpet, painted wood, fiberglass, steel grate or Plexiglas
- Standard sizes: 4' x 8' and 4' x 4'
- Optional sizes: 1' x 4', curved, angled, 45-degree, custom
- Skirting: Corporate black pleated or black mesh
- Supports: indoor, outdoor, system scaffold
- Heights: Ground level to over 30'
- Integrations: ADA ramps, code-compliant stair units, guardrail, chair rail, dance floors, pool covers, approach plates, heavy-duty skins for heavy loads

## STAGELINE MOBILE STAGES

The industry standard for a reason. We own two sizes that are quick to set up and with our additional rental inventory, easy to build out to any size you'd need. Add side stage wings and loading ramps, drum risers and Green Rooms. Provide safe event roofs rated for wind and weather.

SL100: 24' x 20' Standard Size

SL260: 32' x 24' Standard Size

### SL260 MOBILE & EXTENSIONS

**SEAT 50 TO 11,000**

## SUPER BLEACHERS

Our premium bleachers were chosen for ease of installation, event safety, and spectator comfort. These bleachers have an aluminum seat plank and wood foot boards. They come with center aisle handrails and feature side and rear guardrails. We offer ground start or elevated (Grandstand) options with integrated ADA Accessibility Ramps.

## MOBILE BLEACHERS

Add 275 seats in the time it takes a truck to pull up and unfold our new hydraulic bleachers. This steel & aluminum system is an “easy button” for adding additional event capacity.

## 50-PERSON BLEACHERS

Individual units with optional side and rear guardrails for smaller events. Elevate on decks for better sightlines and easily place under tents for shade.

**50-SEAT**

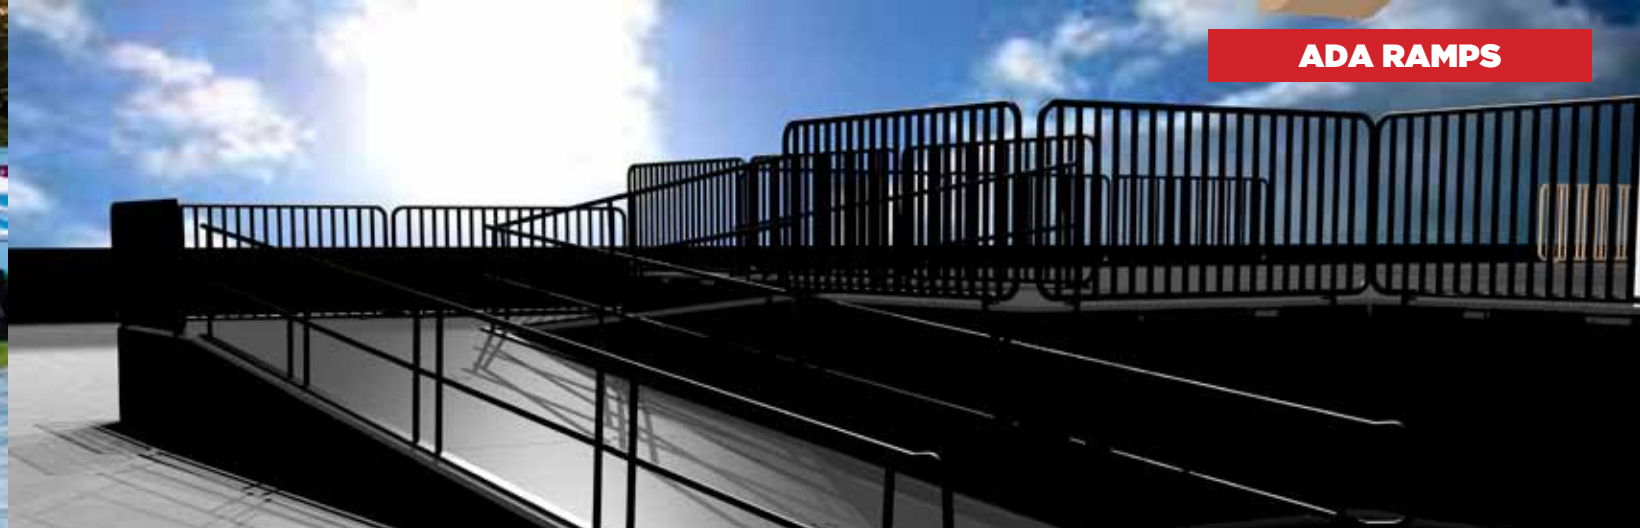

**DOUBLE DECKER VIP**

**EVENT BARRICADE**

**ADA RAMPS**

## VIP PLATFORMS

Elevate VIP patrons to better experiences and the best views in the house. Integrate bars, bathrooms, elevated walkways and covered areas.

## CLEAR EVENT POOL COVERS

Breathtaking design and event safety meet in a product that turns pools into event spaces. We launched a new brand, visit [www.WaltzonWater.com](http://www.WaltzonWater.com) for more information on our event pool covers.

## EVENT BARRICADE

Performance stocks one of the largest inventories of event barricade in North America. We carry flat-footed “French” bike rack barricade and heavy-duty concert “crash” barricade, including turn sections.

## ADA RAMPS & PLATFORMS

Ensure code compliance with ADA ramps, platforms, and wheelchair lifts.

## SOFT GOODS & EVENT RENTAL EQUIPMENT

From chairs and tables to event drape, our PartyMax division helps fill the orders for additional event equipment. Check out [www.PartyMaxMI.com](http://www.PartyMaxMI.com) for more.
